

2005 Alumni Contributors to Sigma Pi Sigma

*Thank you for your generous contributions.
Your support is greatly appreciated by all who value
the mission of Sigma Pi Sigma.*

2005 Annual Giving Color Key

Donors' names appearing in color have given \$500 or more to the Sigma Pi Sigma Trust Fund. The three highest levels of giving are:

EXEMPLAR; LEADER; and PATRON

Sigma Pi Sigma donors support SPS scholarships for physics students as well as other awards, totalling over \$100,000 in 2005-06. Scholarship winners Krystle Williams of Colgate (far right), Michael Gaither at Austin Peay, and Jacquelyn Haynicz from Drew pose on the DC mall with a book worm during a recent outreach activity. Krystle expressed her appreciation at getting an SPS scholarship this way:

"I wanted to express my sincere thanks for your support of Sigma Pi Sigma programs...On campus I'm pretty active; of course with SPS, as chapter president this year, but I'll just mention a few other things. I dance with the South Asian Cultural Club and I sing lead in a cover band called High Pot Noose (a little play on hypotenuse©). Next year I'm thrilled to be off to graduate school where I'll be a student in the Biophysics PhD program at the University of Rochester!

Once again, thank you for your support. Your generosity truly makes a difference!"
